Subject: MWCC Membership Renewal - 5% Earth Month Discount

Hi Becky,

I hope you're doing well, and I hope your work is off to a strong start this spring. I just wanted to connect and see if you are planning to renew your annual membership with the Montana Watershed Coordination Council. We appreciate all of your support in years past, and we would like to continue offering our discounts and promotions to your organization. In recognition of Earth Month, **MWCC is offering a 5% discount on an annual membership** if you sign up by April 30th.

You can see more information about signing up, as well as membership benefits [here](#).

I hope you reach out if you have any questions, or if there's anything MWCC can do to help support your work.

Have a great weekend, and thank you for all you do!

All the best,
Ethan
